Plan to Maximize Voter Participation in County

"Utilize as many public buildings as possible. Choose sites with free, off-street parking. Place signs directing voters to the locations. Align locations with dropbox locations. Choose locations on main roads. Choose locations as close to public transit as possible. Where possible, limit the use of two sites in one building to avoid voter confusion."

Plan to Maximize Voter Participation in County

"Since we have not significantly changed any of our locations, most voters will vote at the same polling place they historically voted. We will post a complete list on social media platforms, sample ballot, etc. All voters in the 3 relocated polling places will receive a new VNC and letter. Signs will be posted at the former location and notice will be posted on website and social media platforms."

2024 Precincts and Polling Places

Plan to Maximize Voter Participation in County

"Facilities are utilized which are publicly available venues accessible to all voters. We attempt to locate polling places where the majority of voters reside. Facilities used as polling places are selected, not only for geographic accessibility but also ADA accessibility. While every precinct may not have its own polling place, polling places are located either within or adjacent to precincts. We also have two early voting locations and three drop box locations in the county, all of which are available prior to election day. We communicate with voters as to their election day polling places via Voter Notification Cards and Specimen

Ballots. If there is a change in a voter's polling place, they receive a new Voter Notification Card, and for locations which have been moved to another facility, we place signs on Election Day which indicate the name and location of the new polling place. In addition, mail-in voting is available to all voters. Our county is served by Shore Transit, which has various routes throughout the county. In addition, the Wicomico Civic Center, an early voting center, is located on a major bus route, and First Baptist Church, the other early voting location, is located near a major bus route as well. Various taxi services are also available. Voters who qualify may also call Shore Transit and request to be picked up from their address. Furthermore, Wicomico County is not seeking to reduce the amount of polling places. Only one polling place is unavailable for the 2024 Primary only, due to construction. It is expected to be available for the 2024 General. Voters in that precinct will vote at a nearby existing location. Our office also conducts voter registration volunteer training and voter outreach efforts at public events as well as organizations (including but not limited to the Wicomico Democratic and Republican Central Committees, the Democratic Club and Republican Club, and the NAACP) and provide information regarding the registration and voting process, with the goal of encouraging voter participation."

SBE Policy 2023-01: MIB Processing for 2024 Election

Adopted: December 14, 2023
Annapolis, Maryland

The State Board of Elections issues this policy regarding multiple methods of mail-in ballot delivery under its authority to supervise the conduct of elections and direct the conduct of the local boards of elections.

On June 1, 2021, House Bill 1048 of the 2021 Maryland General Assembly Legislative session went into effect. Pursuant to section 2(a) of the legislation, at least 60 days before the statewide primary election in 2022 and 2024, each local board of elections shall send the State Board–approved mail-in voting ballot application to each eligible voter.

When completing a request for a mail-in ballot on the approved application, the voter has three delivery options from which to select: mail, web delivery, or fax.

If a voter chooses more than one method of delivery, the policy of the State Board for processing the request is to deem the request for a mail delivered ballot. Therefore, the State Board directs the local boards of elections to send the voter a ballot by U.S. Mail when that situation occurs.

Adopted: December 14, 2023
Annapolis, Maryland

Pursuant to Election Law Article §3-101(c)(3)(iii), the State Administrator issues this policy as instructions for the local boards of elections on removing from the statewide voter registration list information about a voter who is no longer eligible due to death.

An individual voter may be moved from active to inactive status on the statewide voter registration list if a local board of elections received an obituary identifying that individual voter. The only permissible sources to be used for an obituary are a newspaper, a newspaper website, and a funeral home website. All other source material regarding the death of a voter, for instance, ancestry.com or legacy.com may not be used for list maintenance purposes.

Upon receipt of a State Board approved obituary for a registered voter, a local board of elections may make that voter's record Inactive. This commences the verification process required for cancellation. All supporting documents must be scanned to the voter record.

SBE Policy 2023-02: Media Access to Voting Room

Adopted: December 14, 2023
Annapolis, Maryland

The State Board of Elections issues this policy covering activities by media or a journalist seeking to gain access to an early voting center or polling place under its authority to supervise the conduct of elections and direct the conduct of the local boards of elections. The policy reflects the desire of the State Board to foster an open and transparent electoral process while ensuring the voter has a right to privacy in casting their vote free of influence or intimidation.
The following stated policy of the State Board is to be implemented by the local boards of elections in election judge training and election judges during voting hours:

- Upon entering the voting area, the media or journalist shall contact one of the Chief Judges and present media credentials.

- The media or journalist may not:
  - Converse with any voter in the voting area;
  - Disrupt the voting process of the work of the polling place staff; and.
  - In any way, compromise or endanger the secrecy of a voter's ballot.

- Pictures or video may be taken in the early voting center or polling place during voting hours with consent of the Chief Judge regarding camera placement, lighting, and other factors as to not to interfere with the voting process or impede a voter from casting a ballot in private.

- Media presence is authorized for media coverage only. Once completed, the media or journalist shall promptly leave the voting area of the early voting center or polling place.

History: 3/24/2016: Adopted all sections except §2.1; 5/19/16: Adopted §2.1; 6/2/2022:

Commented [3]: From Jake - Change this to monthly as voted on by the Board? We don't have regular meetings in that way

Commented [4R3]: From Janet - This specifies the Board's official meeting time as 2:00 p.m. Although we've been starting earlier than that, I'd prefer that we keep this at 2:00 and actually start then

Commented [5]: From Jake - Or via streaming service

Commented [6]: From Janet - Video should be explicitly allowed as an alternative meeting "location."

Commented [7]: From Jake - I'd like to add in a section referencing the law that the materials be posted publicly 72 hours in advance

Commented [8]: From Jake - 72 hours

Commented [9]: From Janet - Is one week prior public notice still required, or did recent legislation change it?

Commented [10]: From Jake - This should be included in minutes at the next Board meeting

Commented [11]: From Janet - Require the results of between-meeting votes to be announced at the next meeting.

Commented [12]: From Carlos - I propose we allow public participation without requiring it to be pre-approved, as long as it's prescheduled and with a limit of 3 minutes unless a longer period is pre-approved by the chairman. We should include language allowing the chairman to cut off a speaker for disruptive behavior after being given a warning by the chair.

Commented [13R12]: From Janet - Carlos wrote "I propose we allow public participation without requiring it to be pre-approved, as long as it's prescheduled and with a limit of 3 minutes unless a longer period is pre-approved by the chairman." It's not clear what criteria would be used for such pre-approval, so let's discuss it at Thursday's meeting. My guess is that Michael might appreciate our input on this too.

Commented [14]: From Jake - Where appropriate, the Chairperson is encouraged to add more detail to the public agenda

Commented [15]: From Janet - To better inform the public, the agenda should supply more detail under Old Business and New Business (to the extent possible).

4. Administrator's Report
5. Assistant Attorney General's Report
6. Old Business
7. New Business
8. Confirmation of Next Meeting
9. Closed Session (if needed)
10. Adjournment

B. Additional items may be added to the agenda in advance of the meeting at the discretion of the chairpersonchairman.

C. The Administrator shall provide the agenda to the members and publicly post the agenda at 48 hoursleast one week prior the meeting.

D. Prior to each meeting, the Administrator shall submit to the Board a written report of the activities of the office and all significant agency-related events since the last meeting. The report shall include information on personnel changes, meetings attended, significant correspondence received, voter registration activities, voting system activities, candidate filings, precinct and polling issues, and other projects or initiatives undertaken by the office. An oral summary of the written report shall be provided at each Board meeting.

E. Minutes

1. Minutes shall be prepared by the Administrator pursuant to SBE's *Guidelines for Conducting Meetings and Writing Minutes*[2].
2. Closed meeting minutes shall include a summary of the meeting, the individuals in attendance, and the actions taken. The closed meeting minutes may be:

a. Included in the open meeting minutes; or
b. In a separate sealed document, provided that a summary of the closed meeting is provided in the open meeting minutes.

3. If the Administrator does not attend the closed meeting, the assistant attorney general or one of the members shall be responsible for preparing the closed meeting summary and minutes.
4. Meeting minutes shall be prepared and presented to all Board members within five business days after the meeting. The authority to approve the meeting minutes is delegated to the chairpersonchairman. The chairpersonchairman shall approve the minutes after the Board members have had two full business days to review and comment on the minutes.
5. The Administrator shall post the approved open meeting minutes on the SBE website within one business day of the chairpersonchairman's approval.

Commented [16]: From Carlos - I realize that anybody can bring up a new topic for discussion during New Business, but in the interest of transparency I like the idea of having the topic listed whenever possible in the agenda. I thus propose changing "Additional items may be added to the agenda in advance of the meeting at the discretion of the chairman." to: "Additional items may be added to the agenda up to 8 days prior to the meeting at the discretion of the chairman or by submission by two Board members."

Commented [17]: From Jake - Add in Budgetary highlights or constraints

Commented [18]: From Janet - The administrator's report should include more details on major projects!

Commented [19]: From Jake - Is this happening now? What is realistic?
